

SIPPY DOWNS DRIVE TO KAWANA WAY INTERCHANGE - PROPOSED DESIGN

The Sippy Downs Sunshine Motorway upgrade will:

- Upgrade the Sunshine Motorway from two lanes between Sippy Downs Drive and Kawana Way;
- Provide a new interchange connecting Dixon Road, Claymore Road and Sippy Downs Drive;
- Accommodate a future west-bound on-ramp;
- Provide better access between the Sunshine Motorway and Sippy Downs;
- Improve safety for motorists, cyclists and pedestrians; and
- Provide better traffic flow with less congestion.

At this stage, construction is expected to start in the second quarter of 2006 with completion by mid 2007. In the interest of safety and convenience, Main Roads will keep you informed throughout the construction period.
